Profile

Versatile Developer with one year of focused experience in a Full Stack Developer Traineeship, supported by over 20 years in healthcare and PHP programming. Skilled in JavaScript, HTML, CSS, and database-driven PHP applications, with a proven ability to solve complex problems and deliver tailored solutions. Leveraging a unique combination of technical expertise and healthcare industry knowledge, I excel at creating scalable, efficient systems that meet both user and business needs.

Key Skills

- <https://www.peteronifade.co.uk/>
- <https://github.com/peterOnifade2024/>
- HTML5, CSS3, JavaScript

Work Experience

NHS

2024 – Present

Healthcare Support Worker

- Directed patient-centred care in accordance with patient needs, which included personal care
- Maintained good interpersonal skills and used methods to overcome communication barriers with patients
- Assisted a patient at risk of harm, such as pressure damage, and risk of falls
- Promoted independence with mobility and to maintain current function and support individuals to return to baseline function when there had been a change

IT Career Switch Ltd

2023 – 2024

Full Stack Developer Coding Trainee

- During the traineeship I had to demonstrate a competent level of the following programming languages and technical skills: HTML5 | CSS3 | JavaScript | PHP | SQL | Python | React | Node.js
- Completed two projects from scratch and to specification - providing hands-on development experience with front and back end languages and databases. More information on these projects can be found at: <https://www.peteronifade.co.uk/>

Elevation Healthcare

2022 – 2024

Healthcare Support Worker

- Provided one-to-one interactions and basic psychological support for patients
- Managed and prevented aggressive behaviours
- High and low levels of observations

- Monitored patients in seclusion
- Escorted patients on community leave

Alexander Maclean Limited

2022 – 2022

Business Analyst

- Successfully developed and migrated the business to a new learning management system (LMS), which increased the student satisfaction by 32%.
- Built a TO-BE target operating model to show the added value of the new LMS features.
- Gathered epics and breaking them down into user stories and documenting them in a user story document.

FNPB

2007 – 2022

Consultant Psychiatrist

- Assessed and managed mental disorders
- Assessed and managed drug addiction
- Biomedical research and peer-reviewed publications
- Residency training
- Hospital management
